

## **Congresswoman McCollum Conducts Hearing on FY2011 Federal Budget for Workforce, Employment, Labor, and National Service Programs**

Washington, DC -- On Monday, March 8, Congresswoman Betty McCollum (MN-04) will convene a State Capitol Hearing with Minnesota leaders who receive federal funding or are impacted by programs for employment, training, labor and national service. McCollum serves on the Labor, Health and Human Services and Education Appropriations Subcommittee, which has funding and oversight jurisdiction over these programs.

"Job creation, economic recovery, and a strong workforce are the top priorities of Congress and President Obama. Unfortunately, many families in Minnesota continue to struggle to find work. I look forward to this opportunity to hear more from workforce leaders in Minnesota about how they are meeting our economic challenges, and how federal investments are being implemented in our state," said Congresswoman McCollum.
